

THE CO-OPERATOR

Welcome to the 1st edition of *the Durham Farmer's County Co-operator*, proudly serving members and customers in the Durham and Northumberland regions.

We are proud of our agricultural roots and look forward to increased offerings to keep you competitive. Great service, from a seasoned staff 2nd to none and the willingness to listen and learn to your needs and suggestions, this positive attitude will propel us successfully forward, co-operatively.

What's new? We have partnered with a local supplier to offer delivery of bulk farm grains; corn, barley, mixed grain. Have a specific need, give us a call and we will work to arrange on your behalf.

We look to offer a variety of events, from how to raise your backyard chicks, to management of your small flock of sheep or goats to partnering with provincial specialists on dairy and beef products and advice.

Look for our 4H partnership day with more details coming soon....
