Lorsban NT—the latest “brand name” product

Per 2x10L case: retail \$482

Looking for DECIS 5EC Insecticide?

Available in 1L jugs

Hay Pro II—keeping that hay at its peak for your livestock needs

Available in 1L jugs with these advantages:

- Bale hay with 20-35% moisture
- On legume hay, average 15% more dry matter.
- Bale earlier in the morning and later at night
- Less mechanical handling
- Non-corrosive –it will not remove paint
- No moldy or dusty hay – no worry about barn fires
- Source of energy for cows and horses
- Easy and safe to handle –will not burn skin and is as safe as vinegar
- Full-strength hay preservative at an economical price
- Hay treated with HayPro II was shown to be beneficial for horses due to its decreased dust and mold content.

More for You at the Co-Op

Meeting your Baler Twine Needs

For a full complement of baler twine needs, come and talk with us. Not only do we stock twine for 30 lb square bales to 600 lb square bales but all round bales in between. We can provide expert advice on which twine may be best for your situation and your baler.

Right here at the Co-Op, “your incredible country farm store”!

And meeting your need for ice cream!

Just in time for summer, check out our new selection of local Kawartha Dairy ice cream.... mmmmm!

Equine Day at Orono—July 19th

Be here 10:00 a.m.-3:00 p.m. for to meet Courtney Jackson, Dairy and Equine Account Manager at Masterfeeds, and ask questions about Masterfeed products. We'll have samples and a knowledgeable staff who will have just returned from an equine training day in Guelph; we are staying on top of the latest industry needs.

Ontario Summer Show

Join us at the 2016 Ontario Summer Show from July 20-22. We'll be at the Lindsay Exhibition Grounds and looking forward to seeing you there.
